

IN THE NEWBERRY CASE

Judge Sessions Definitely Fixes Responsibility for Funds Expended in Political Fight.

(By Associated Press.)
GRAND RAPIDS, MICH., March 15. A ruling on the status of Truman H. Newberry in the senatorial election conspiracy trial, was given by Judge Sessions today in the midst of arguments to the jury. An interpretation of the election statutes by George E. Nichols, of defense counsel, drew a whispered objection from Frank C. Daily, assistant attorney-general, and the court interrupted Mr. Nichols.

"I shall charge the jury," said Judge Sessions, "that if Senator Newberry participated actively in the things which caused the expenditures of money, then he caused it to be expended."

The court said that the State statute is only referred to by the Federal law as a measure of the amount which may be expended or used, or caused to be expended or used, and that "what somebody else may expend has nothing to do with it."

Both government and defense attorneys for three hours urged the jury to convict, but the defense, which brought Mr. Nichols to the forum and split his talk into an hour today and an equal interval tomorrow.

Richmond found much material in the King-Newberry correspondence introduced by the defense.

In your message in this case is a verdict of guilty," he told the jurors in conclusion, "then you write a message to the entire country. You serve a warning on politicians who would corrupt the franchise."

KAPP MAKES PEACE WITH LAND AFLAME

(Continued From First Page.)

The Ebert government have been ousted after bloody riots.

In Weimar (Saxony), the militarist reactionaries are in full control.

The Ruhr district, the richest industrial region of Germany, the Reds are proclaiming the reaction while the workers defy the military to force them to work.

In Bochum, the great Prussian iron center, a Soviet has been formed and proclaimed, only to be disbanded by a bourgeois mob who under the Reds raided an ammunition depot and renewed the battle.

In Silesia, dazed by the Versailles treaty, and burning with hatred for the Poles, an independent government has been formed under a Socialist named Philipp.

In the Rhine Valley, regardless of the allied guns, lined up, shot-ready, by the thousands on either side of the river, a Communist counter-revolution has been declared.

Strike Potent Weapon.

The quick collapse of the militarist regime was produced by the workers' hostile attitude of the great working class. The railroad federation decided a general strike on the roads.

ways, according to the Lokal Anzeiger, because their demands for the immediate retirement of the Kaiser, Dr. von Jagow and Dr. Traub, the Minister of Public Worship, were denied.

Hamburg, where the workers had control after a general strike order had been complied with and the industrial life of the city stalled. Dispatches from that city say that good order is being maintained.

Demands of the unions, in addition to the retirement of the three ministers, included the formation of a coalition government of all parties, in which the trades union leaders would be represented, and the holding of new elections at the earliest possible moment.

The railway federation began to carry the strike order into instant effect, with the intention of completely paralyzing the entire country.

The allied commissioners took drastic steps to prevent such a catastrophe, instructing the local authorities to prevent strikes in public service utilities and informing them that they would be held responsible for any delay or stoppage.

Bavaria, Wurttemberg, Baden and Saxony formed the first single state in order to muster strength to resist domination by the militarist reactionaries.

Communists in the industrial regions of the Rhine Valley and Westphalia proclaimed a counter-revolution and called a general strike. Labor councils were formed at Essen and Dortmund.

Prince Joachim Albrecht, who has been confined in a prison since his attack on allied officers at the Hotel Adlon ten days ago, was not liberated by the reactionaries during their short flurry of power.

Shortly before the collapse of the Kapp regime, the Chancellor issued an appeal to the farmers, requesting them to make efforts to supply the army and other necessary food products to the workers in the cities.

REPUBLICANS CAST UNANIMOUS VOTE

(Continued From First Page.)

by the Democrats, and was voted down, 45 to 21.

LONDON'S ATTITUDE IS THAT OF THOMAS

Doubting Press Believes That the Reports Have Been Sent Out by Reactionaries to "Spoof" the Allies.

(By Universal Service.)
LONDON, March 15.—Andrew Bonar Law, the government's spokesman in the House of Commons, tonight characterized the report of the settlement of the conflict in Germany as "highly improbable," adding that "it needs official confirmation."

When he showed the Berlin message about the "agreement" between Kapp and Ebert to Lord Curzon, the British Foreign Minister, at a banquet of the Pilgrim Society to Sir Auckland

Geidies, new British ambassador to the United States, Lord Curzon said: "I have no confirmation, but I think it highly improbable. I expected something of this sort this afternoon. It means that the monarchist attempt was ill-timed and ill-considered."

All the leading London newspapers this morning express serious doubts of the Berlin reports. Some, like the Morning Post, suggest that these reports have been deliberately sent out to "spoof" the allies.

DECLARES TEXAS WILL HOLD ITS RIGHTS IN OIL TERRITORY

Adjutant-General Says Will Not Yield Unless U. S. Supreme Court So Decides.

(By Associated Press.)
AUSTIN, TEXAS, March 15.—Information as to the movement of Texas forces into the Red River oil section to settle the dispute between this State and Oklahoma was refused tonight by Adjutant-General W. D. Cope, who said he regarded ignorance on the part of Oklahoma contenders an advantage for Texas.

The attorney-general, he said, had advised him that the decision of the Federal court at hand "is void and without justification in law."

"The territorial integrity of Texas," the statement said, "will be maintained and this State will not surrender territory over which it has exercised sovereignty and over which it has had actual and unquestioned possession for nearly four years, except by a decision of the United States Supreme Court, and the case is now pending in that court."

This property consists of 160 acres on the south end of the mouth of the Red River, whose value is estimated at \$100,000. There are three productive oil wells on the property, and perhaps forty wells are now being drilled. The property is now yielding the State about \$1,000 per day.

CAROLINA GOVERNOR ASKS RATIFICATION OF SUFFRAGE

Thomas W. Bickett, Executive of Tarheel State, Favors Nineteenth Amendment.

RALEIGH, N. C., March 15.—Governor Thomas W. Bickett will recommend to the special session of the Legislature, which meets here in June that it ratify the Federal amendment granting suffrage to women.

This information came from the Governor today, in a reply he made to a letter from Representative W. N. Everett, of Rockingham, who led the House fight last year for the adoption of the bill granting municipal suffrage to women. Mr. Everett had written the Governor asking his aid in this fight, and suggesting that he make a speech before the General convention, which meets here in April, advocating the enactment of the ratification of the Nineteenth Amendment.

The Governor will not agree to make the speech, but says he will recommend the legislation to the special session of the General Assembly and would be glad to see the Democratic party endorse suffrage.

HOLCOMB REFUSES TO CALL CONNECTICUT LEGISLATURE

Governor Says No Constitutional Emergency Demands Action on Suffrage.

HARTFORD, CONN., March 15.—Governor Holcomb tonight formally refused to call a special session of the Connecticut General Assembly to act on the woman suffrage amendment. He issued a statement outlining his constitutional position on the question at this time and on previous occasions when he refused to act.

The Governor says the State Constitution requires that a "special emergency" be declared before the legislature can be called to order. He does not consider that such a situation exists at present, and he desires a number of individuals to have the General Assembly vote upon the Federal suffrage amendment.

CHARGE SOUTHERN RAILWAY EMPLOYEES WITH ROBBERY

Ten Arrested at Knoxville and Three Merchants Held in Connection With Allegation.

(By Associated Press.)
KNOXVILLE, TENN., March 15.—Following the arrest here of ten Southern Railway employees charged with the robbery of cars, and three merchants charged with receiving stolen goods, citizens of \$25,000, have been recovered by the police. Cigarettes worth as much more also have been stolen. Consignments en route to Kansas City and other Western cities have been recovered.

NEW YORK STATE'S BUDGET BILL CARRIES \$74,998,603

Leaders of Legislature Say They Hope to Keep Appropriations at \$116,885,879.

(By Associated Press.)
ALBANY, N. Y., March 15.—The annual state budget bill, carrying appropriations totaling \$74,998,603, was introduced in the Legislature tonight. In addition to this amount, appropriations totaling \$4,923,331 have been passed.

Legislature leaders announced they hope to keep all appropriations of the present session to a grand total of \$116,885,879.

DISABLED MOHAWK IS IN TOW OF COAST GUARD SHIP

Vessel Which Was Reported Disabled Is Safe in Care of U. S. Cutter Manning.

WILMINGTON, N. C., March 15.—The Clyde liner Mohawk, disabled by engine trouble off the Carolina coast, has been picked up by the coast-guard cutter Manning and is being towed to Charleston tonight. The steamer was en route from Jacksonville and Charleston to New York, and has more than 200 aboard.

STATE DEPARTMENT NOW TECHNICALLY HEADLESS

Polk Continues as Under-Secretary, Law Not Permitting Longer Term as Acting Chief.

WASHINGTON, March 15.—The State Department came today to a technical head, Frank L. Polk, who has acted as secretary since the resignation of Robert Lansing, resumed his duties as under-secretary, and the duties of the department having held the post for more than thirty years.

The Senate Foreign Relations Committee had planned to give further consideration today to the nomination of Bainbridge Colby to be head of the State Department, but postponed its meeting because witnesses called to testify before the committee failed to appear. Members of the committee take the position that under the war-time Overman act President Wilson can assign to some other official the duties of the Secretary of State and consequently the delay in acting on Mr. Colby's nomination should not embarrass the department.

The President had not designated an acting secretary and it was said at the department that passports were not being issued as there was no one to assign them. Passports recently have been issued at the rate of 600 to 800 a day, mostly to persons going to Europe, Cuba and South America.

GREENVILLE Trial of Revenue Agent.

Presence of material witnesses for the prosecution today caused Circuit Judge Shipps in the Circuit Court of South Carolina to grant a postponement of the trial of John Martin for a postponement of this term of court on the trial of Jake Gosnell, deputy collector of internal revenue, who shot and killed Sheriff Hendrix Rector here last year.

STRIKING STUDENTS MUST WITHDRAW ULTIMATUM

Clemson Trustees Find Faculty Committee Erred, But Give Support to Discipline.

(By Associated Press.)
CLEMSON COLLEGE, S. C., March 15.—The report of the board of trustees of Clemson College, which has been investigating the walkout last Wednesday of 50 freshmen and sophomores to enforce a demand for reinstatement without punishment of all underclassmen and certain reforms in methods of student government, was issued today. Threats of the senior and junior classmen to walk out in sympathy with the underclassmen, and general conditions at the institution also are dealt with in the report.

The report is featured by the following findings and recommendations:

Refusal to consider the ultimatum from senior and junior classmen. Laying down of certain conditions upon which junior and senior classmen who signed an ultimatum and sophomore and freshman classmen who walked out, may re-enroll in the college.

Acknowledgment that conditions of the press had not been what the authorities would have them, but that economic and other conditions of the world over are such that the situation could not have been better under existing limitations; authorizing the president to make improvements in the mess and providing him with additional funds to cover cost of same, without raising the monthly rate of board for cadets.

Open trial for cadets, not upon demands from any cadet element, but solely to inspire more of a spirit of confidence in the work of the discipline committee of the faculty; permission to be granted accused cadets to have faculty counsel of their own choosing at the trial; no student representation upon the discipline committee.

Consideration of the case of Cadet Crossland, not upon the demand of the junior and senior classmen, but upon the petition of Cadet Crossland, as provided by regulations. The board, acting as an appellate court, found that the discipline committee erred technically in the trial of the defendant. The sentence imposed was rescinded. Freshmen and sophomores who fail to return by 1:30 P. M., March 21, shall be dropped from the rolls.

Deaths.

1
DUAL.—Died, at 7:55 P. M., March 15, 1920, at his residence on the Hermitage Road near Lakewood, Benjamin H. Dual, born October 6, 1847, in the seventy-third year of his age. Funeral notice later.
